Highlights

High-quality KDF filter

The filter is made of NSF-certified KDF, which can remove residual chlorine and impurities such as rust and sediments, so that you can enjoy a comfortable and refreshing shower with clean water.

High water flow

Dense and smooth water flow of 8 L per minute for an enjoyable shower experience.

Anti-scald material

The housing is made of anti-scald material that fully adapts to the temperature of hot water from conventional water heaters, ensuring safe usage.

One-piece disposable filter

It is convenient and safe to discard the one-piece filter after use, avoiding secondary pollution.
