On-the-go

When switching between workplaces, you don't want to carry a big laptop charger around all the time. This ultra-slim charger, which is suitable for most laptops that require 18-20V and 70W or less, is so slim, that it fits any laptop bag with ease. So whenever you have to switch between working at the office, working from home or going to a client, you'll have a compact charger with you that makes sure your laptop keeps going.

Ultra-slim

The Trust Simo is only 23mm thick, making this charger extremely compact. It fits any laptop bag or back pack. So it doesn't matter if you're going to a client or on vacation, this ultra-slim charger won't hold you down one bit. And because the Simo works on 100.240V wall sockets, you'll charge your laptop anywhere in the world.

Universal

There are many laptop manufacturers out there, so the Trust Simo was designed to work with most laptops that are currently on the market. This charger comes with different tips for most manufacturers, and if a tip isn't included, you will likely find the right one for free when contacting our helpdesk at www.trust.com/23925/freeconnector.
