IPL PURE SKIN PRO

Long-lasting hair removal

german|engineering

Free "beurer MyIPL" app guides through the treatment and creates an individual treatment plan - for a professional IPL treatment at home

Up to 600,000 light pulses

With practical "auto-flash" mode for convenient use

Compact device for long-lasting hair removal - long-lasting results over several months

Compact design - perfect for treating small and hard-to-reach areas of the body

Around just 20 min. to treat the entire body¹⁾

3.1 cm² light surface for especially fast treatment

3 different intensity levels

Clinically tested technology for maximum safety at home

Maximum safety with 2-in-1 skin-type and skin-contact sensor

Up to 50% hair reduction after 3-4 treatments

State-of-the-art IPL light technology used by dermatologists for professional hair removal.

Deactivates the hair roots deep beneath the skin and in doing so decreases the chance of the hair growing back.

Integrated UV filter to protect the skin

Cannot be used on dark skin

May be ineffective on white or light-coloured hair
