ASUS ExpertCenter E5 AiO 24

Fast and secure, with dual-view interaction

Built for modern business to enhance user experiences and productivity, ASUS ExpertCenter E5 AiO powers through any task — saving time and minimizing admin. It packs exclusive ASUS VeriView, a second, outward-facing touchscreen for two-way interaction, serious business horsepower with a next-level Intel® Core™ processor, and no-compromise security solutions.

Class-leading Performance

Do the best work

ASUS ExpertCenter E5 AiO is built to perform for enterprise or the home office, with a next-level up to Intel® Core™ Core i7-11700B processor, latest Thunderbolt™ 4.0, with dual 1 TB SSD RAID 0 or 1 and a 2 TB hard drive.

Crystal-clear conferencing experience

E5 AiO is engineered with AI-powered two-way noise-canceling technology pro-level conferencing at both ends of the conversation. It also optionally offers high-speed WiFi 6E and an ultrasharp 12 MP webcam. high-resolution 12MP webcam for rock-solid connections and face-to-face conversations with superior visual quality.

Delivering new interactive experiences

ASUS VeriView is a powerful, interactive second screen that elevates AiO expectations, enabling both a dual view and two-way interactivity – empowering businesses to connect with customers in new ways, from interactive check-ins to tailored advertisements.

Business-ready design & security

VESA Mount compatibility

For the ultimate in positioning flexibility, ASUS ExpertCenter E5 AiO can be attached to any VESA-compatible wall mount to save even more space.

Height-adjustable stand

E5 AiO also features a sleek, black ergonomic stand that enables easy tilt, swivel and height adjustments to find the perfect comfortable viewing or working angle, including a full 90° turn for portrait or traditional landscape orientation.

Maintenance made easier

The base can be quickly and easily removed to allow fast access to the RAM, hard drive and storage, enabling these components to be upgraded or replaced without dismantling the entire machine.

ASUS AdaptiveLock security

ASUS AdaptiveLock detects the user and recognizes their face, for rapid login. It even locks automatically when the user steps away, protecting both the computer and the data it contains.

Interactive screen
ASUS VeriView

Innovative ASUS VeriView second touchscreen to advertise and share content with customers.

Security
Webcam privacy Shield

A physical cover obscures instant privacy when it's not in use. Just slide it open to make video calls or recordings, and back across when you're done.

Security
TPM Module

A TPM chip securely stores the authentication information (such as passwords or encryption keys) used by software to protect important data and transactions.
