- Supports viewing of iOS/Android/Mac OS/Windows devices from a remote location
- Supports cloud functionality

Description

With a rugged weatherproof case rated at IP66, this megapixel wireless network camera provides outstanding security for both indoor and outdoor use. Connect the IP camera to a wireless network to access live images via the cloud from anywhere in the world via a PC, notebook or mobile device. Infrared LEDs offer premium night viewing of up to 20 metres, along with a high resolution lens providing crystal clear images at a viewing angle of 60 degrees. Motion detection features trigger an alarm or email alerts to the user, providing exceptional levels of security for the home or office.

*Please note that this camera works with a third party app which requires account registration before using. Viewing software for PC is also available, please refer below download links.
