

528-700

Natural Grinding Stones

PRODUCT DETAILS

- 700 grains/cm² to achieve a razor-sharp cutting edge on chisels, plane irons and other tools
- Ensure tools have no dents or rough cutting surface, otherwise first treat with rough side of combination stone 528-COM
- Dents and rough surfaces might damage the surface of this stone by making grooves
- Homogeneous distribution of the quartz grains: constant and perfect use even after long use
- Application: with water
- Cleaning: leave stone to soak in water and vinegar for 12 hours
