VENIDA impresses with its modern and unusual design. The ceiling light rounds off any modern furnishing style and sets the perfect scene in your living area. The integrated SWITCH dimmer allows you to choose between three different brightness levels using a conventional light switch. By graduating the light intensity from 100% to 50% and 25%, the light can be used to create different lighting moods. Thanks to the titanium colour scheme, the light can be combined with many furnishing styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
